

Make Yourself is Greater Peoria's one-stop, career resource for students, parents, educators, and employers to gain career insights, connect with career development opportunities, and find other great career-exploration events!

## Help Prepare Your Students For Success

### Find Peoria's Hot Jobs .....

What are Peoria's most in demand careers? What do you they pay? Find out on the Make Yourself Parents page and help your students find career success in Greater Peoria!

### Help Your Students Get Matched to Careers .....

Did you know your student has access to an amazing career exploration software, called Career Cruising, through their school? With Career Cruising your students can explore 600+ careers, get matched to careers, compare colleges from around the country, and even build resumes!

### Stay Engaged Outside the Classroom .....

Help keep your student's learning and career exploration going with a list a summer camps, weekend programs, events, and clubs that your students can connect with! You could even start your own FIRST League or Girls Who Code club!

### Plan for College with Junior Achievement .....

What's the real cost of college? How many loans will your students have to use? How long will it take to pay back that education? With Junior Achievement's Build Your Future online app, your students can start planning for college now, and make informed decisions on where and how to pursue the career of their dreams!
